

Summer School 2015

Variational Inequalities and Optimization

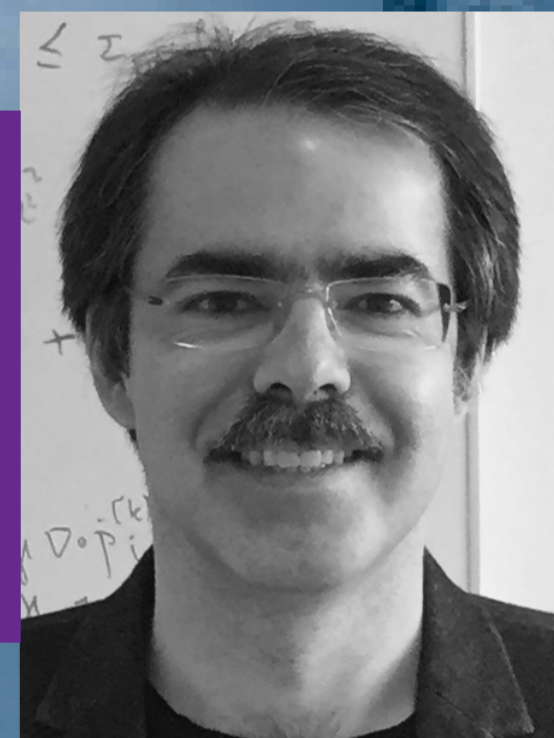

TU München, 20th – 24th July 2015

Giuseppe Buttazzo

Università di Pisa

Optimization Problems
in Mass Transport Theory

Michael Hintermüller

Humboldt Universität Berlin

Quasi-Variational Inequalities

Marc Pfetsch

TU Darmstadt

Mixed Integer Nonlinear Optimization

The summer school is aimed at graduate students in mathematics and there is no registration fee. Registration until May 31st, 2015 is online.

A limited amount of monetary support for travel expenses is available. Applicants please provide a CV and motivational letter as a single pdf-file to: gradoffice@ma.tum.de
